

**National Federated
Compute Services**
NetworkPlus

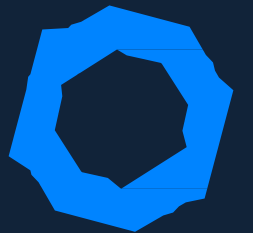

**Autumn Conference
22-23 September 2025**

Federation of Compute and Infrastructures in the Arts and Humanities

Prof Karina Rodriguez Echavarria, Dr Myrsini Samaroudi
University of Brighton

Our aim is to engage with the A&H communities to collectively elicit requirements around federation within the current DRI A&H landscape to support the NFCS roadmap development

Project team

Dr Arianna Ciula
King's College London
KDL

Prof. Karina Rodriguez Echavarria
University of Brighton

Neil Jakeman
King's College London
KDL

Dr Myrsini Samaroudi
University of Brighton

Context

- Builds on existing research and projects which produced insights about workflows, and practices.
- Specific to the A&H research landscape.
- Challenges include the disciplinary culture of research, large-scale and complex data, and digital literacy.
- Some opportunities to explore data-driven workflows and AI-driven methods.

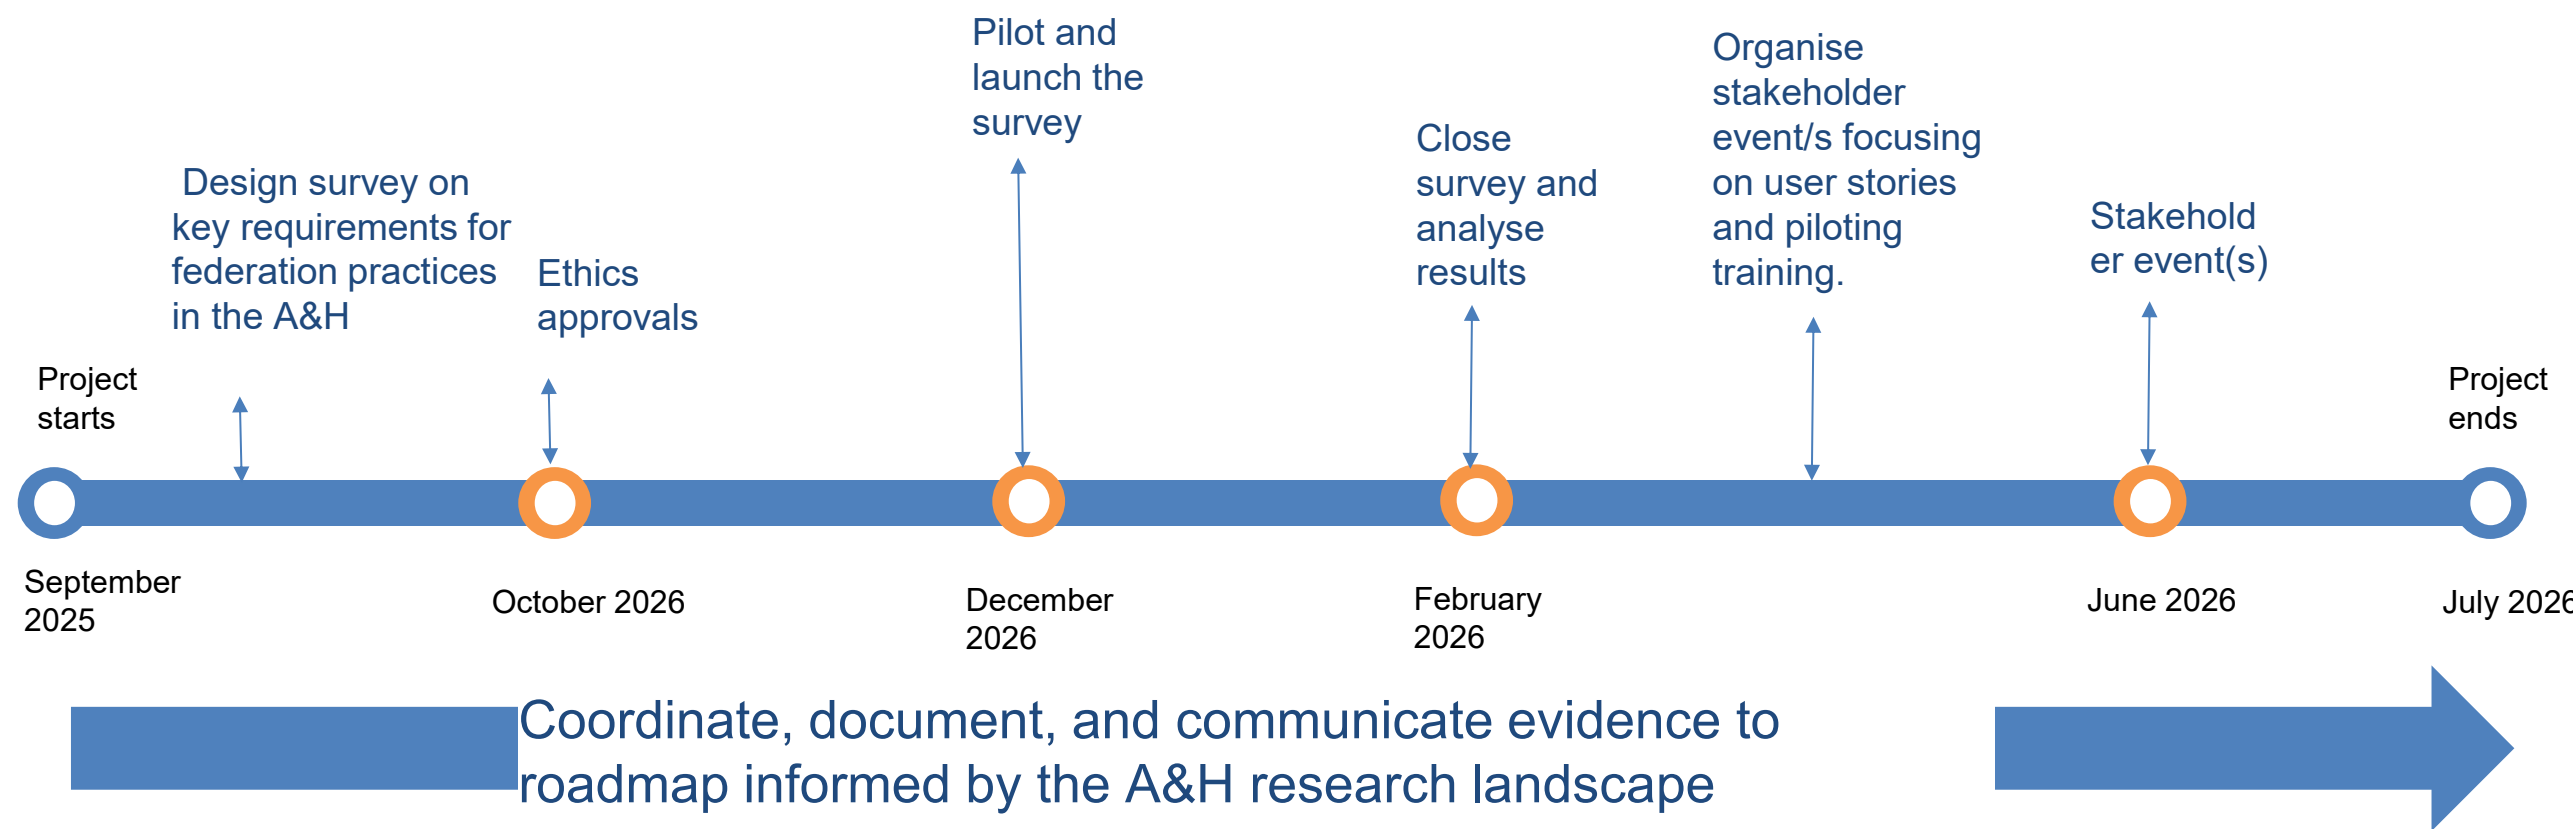

Core objectives

1. Elicit and validate **federation requirements** in A&H communities:
 - Emerging federation-related **user stories for workflows**
 - **Skills gaps and opportunities for training** and access of expertise
2. Collect **feedback on the national strategic roadmap**

Activities

Thank you
